2-2-2

The trademark design feature of Renegade—two greens on each hole—remains, offering flexibility and options that allow golfers to play the course in an endless variety of ways.

The addition of a sixth and seventh tee box stretches the course to 8,000 yards for a supreme test of golf, while the other tees accommodate every level of golfer to fully enjoy the course.

Bunkering has been repositioned and modernized; a new irrigation system is in place; 110,000 tons of sand was used to improve drainage; and corridors were opened to create more panoramic views of the mountains.

**GRASSES**
